

KOMO | MOE | HÄ???

KOMO = OTH AW Competence Centre Bavaria - Central and Eastern Europe

KOMO strengthens cooperation with partners from Central and Eastern Europe (CEE) – with a particular focus on the Czech Republic. It promotes university cooperation, research projects and student exchanges, and contributes to the internationalisation of the OTH Amberg-Weiden and the region.

The KOMO, founded in 2018 with funding from the Free State of Bavaria, offers its services to students, teachers and staff from all faculties: KOMO provides information about opportunities in Central and Eastern European countries and offers support in the form of advice, networking and funding – e.g. for excursions, stays abroad, research initiation and joint projects.

10 Partner universities:

University of West Bohemian in Pilsen, universities in České Budějovice, Mladá Boleslav, Pardubice, Liberec, Zlín as well as ČVUT Prague, to name a few.

International projects:
